EXPERIENCE

Frontend Developer
Shades Of Web

📅 09/2021 - 09/2023 📍 Pune, India

- Developed user-friendly web applications and interfaces using HTML, CSS, JavaScript, React, and Redux, achieving a 5% increase in conversion rate
- Debugged and troubleshooted front-end code, collaborated with UI/UX designers to ensure optimized customer experience across a variety of devices, and initiated code reviews with team members to ensure the quality of end product
- Improved performance and UI components by refactoring and restructuring code
- Implemented automated testing for front-end functionality to ensure secure, reliable and consistent results
- Utilized version control systems such as Git for source control and collaboration
- Optimized loading speed of web application by implementing minification, caching and other performance techniques
